LearnZillion Illustrative Mathematics K-5 Math v.1

The final piece of a fully aligned K-12 math curriculum.

Students enjoy mathematics, make mathematical connections, and develop conceptual understanding.

Teachers orchestrate productive discussions, synthesize understanding, and facilitate lessons with confidence.

Design Structure of LearnZillion IM K-5 Math

Invitation to the Mathematics

Deep Study of Concepts and Procedures

Consolidating and Applying

LearnZillion IM K-5 offers the highest quality curricula powered by a best-in-class digital experience:

Coherent, grade-level progressions and learning trajectories

Every routine, activity, and lesson has a place in the mathematical story across units and grade levels, based on standards and research-based learning trajectories.

Formative assessments

Teachers are equipped to monitor student progress through innovative staged centers, cool-downs with clear pathways to address student understanding, monitoring sheets, and section quizzes.
Embedded teacher learning

Teacher reflection questions, embedded curriculum narratives, a PLC framework, and math community structures continually support teacher learning.

Equity and access for all learners

Teacher support for English learners, students with disabilities, addressing common misconceptions, and enriching instruction are embedded at point-of-use throughout every lesson.

Deep focus on conceptual understanding, procedural fluency, and application

Instructional routines, representations, and math tools are carefully utilized to help students develop an understanding of concepts and procedures.

Hear from our LZ IM K–5 Math Beta Pilot Districts

“The purposeful structure of routines, activities, and centers encourages rich math discourse and students doing math. The integration of fluency is noteworthy. I love its rigor and accessibility. Each lesson begins with an invitation to the math designed to welcome every student into its artfully designed mathematical story.”

—Maureen O., Math Specialist, Ipswich, Massachusetts

Teachers are so impressed with the LearnZillion IM K-5 Student Journals AND the LearnZillion platform. I am so thrilled with how intuitive the site is and how thoughtfully it works for teachers. It is the most inviting, rigorous, and exciting curriculum I’ve ever taught and it’s amazing how much students can learn and feel successful in math.

-Nancy S., K-5 Math Coach, Portland, Maine
